Biggest opportunities — all age groups, 2022 general

County and age-group pairs with turnout below the statewide rate for that group, ranked by registered voters who did not vote: registered × (1 - turnout rate).

#	County	Age	Turnout	Statewide	Registered	Did not vote
1	Gwinnett	25-34	27.2%	28.0%	123,743	90,125
2	Gwinnett	35-44	41.6%	43.0%	110,517	64,519
3	Gwinnett	45-54	54.9%	56.8%	110,374	49,812
4	Fulton	65+	67.6%	71.3%	147,441	47,759
5	Fulton	55-64	63.0%	65.3%	124,015	45,853
6	Gwinnett	65+	65.0%	71.3%	114,319	39,966
7	Gwinnett	55-64	62.4%	65.3%	104,348	39,212
8	Chatham	25-34	23.5%	28.0%	50,529	38,660
9	Clayton	25-34	21.3%	28.0%	48,441	38,100
10	Richmond	25-34	20.1%	28.0%	33,704	26,925
11	Chatham	35-44	36.9%	43.0%	41,968	26,473
12	Clayton	35-44	33.3%	43.0%	38,762	25,858
13	Henry	25-34	27.4%	28.0%	34,959	25,374
14	Muscogee	25-34	18.5%	28.0%	30,901	25,185
15	Hall	25-34	27.2%	28.0%	27,116	19,744

Methodology

- Turnout rate = ballots cast ÷ registered voters (active + inactive), per county, age group, and election.
- Age groups combine the Secretary of State's 5-year brackets (e.g., 25-29 + 30-34 = 25-34; all ages 65 and older = 65+). Age is based on birth year in the voter file.
- Change = 2022 rate - 2018 rate. Gap = county rate - statewide rate for the same age group and election. Both in percentage points.
- 2026 estimate = simple average of the 2018 and 2022 rates. It is shown for context only and is not a prediction model: it ignores new registrations, candidates, mobilization, and other factors.
- 2022 counts use the SoS Data Hub voter base as of the Oct 11, 2022 registration deadline; 6,115 ballots (0.15%) without a matching age record are excluded from age-group figures. Statewide ballot totals match certified results within 0.25% for both elections.
- Nonpartisan: this analysis uses only aggregate, public data and no individual voter records. It does not consider party or vote choice.
